Hi Steve and Maurice,

This is what EPA availability looks like that week.... I'm assuming an hour long meeting would suffice. Let me know which time slot works for ya'll's teams.

Monday July 25th- 12:00- 1:00 or 1:00-2:00
Tuesday July 26th- 11:00-12:00
Wednesday July 27th- 11:00-12:00, 12:00-1:00, or 1:00-2:00

All the best,

Brody

Hi Maurice,

Just wanted to let you know that we are discussing EPA's availability this morning and will hopefully get back with ya'll shortly! We have some staff out traveling this week, including Brandon Maples. Brandon is on our Class VI leadership team and usually does our meeting scheduling so we are trying to fill his shoes this week!

All the best!

Brody

Subject: Hackberry Carbon Sequestration_EPA NOD Responses

Good Morning Brody: we are working on and will be finishing up our responses to the NOD's received in May and HCS has a request.

Hackberry Carbon Sequestration would like to have a Teams/in-person meeting with the EPA and the LDNR staffs to review the project work as well as a discussion on the response to the NOD before we file them in the CBI folder and on the GSDT site. Would your agencies have staff available the week of July 25 for such as virtual/in-person meeting? The only day that I believe the LDNR has a conflict is July 28 th. It would be our intention for some members of the HCS team to be in Baton Rouge to be with the LDNR for this discussion.

Regards,

Maurice Gilbert
